TAKING POOL LESSONS ONLINE?

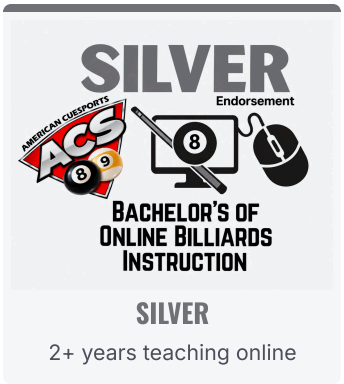

WHAT YOUR INSTRUCTOR'S BADGE MEANS

Quick answers for players thinking about online lessons.

BRONZE

Endorsed to teach online

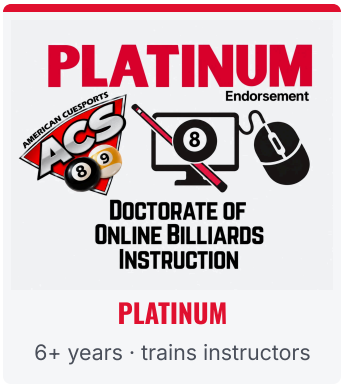

SILVER

2+ years teaching online

GOLD

4+ years · trains instructors

PLATINUM

6+ years · trains instructors

What does this badge mean?

Your instructor is an experienced, certified pool coach who has been trained and tested specifically to teach online.

Who can earn it?

Only top-level certified instructors with at least 3 years of coaching experience.

Is Platinum better than Bronze?

All four levels meet the same teaching standards. Higher levels mean more years of teaching online, and Gold and Platinum instructors also train other instructors.

Can I really learn pool through a screen?

Yes. Your instructor watches you from different camera angles, replays your shots in slow motion, and can even hear how well you're hitting the ball.

What do I need?

A pool table, and a phone, tablet or computer with a camera, plus a stand to hold it. No special training gear is needed.

What app will we use?

Usually one you already have: Zoom, Google Meet, Microsoft Teams, WhatsApp or Messenger.

Can I rewatch my lessons?

Yes. You'll get recordings or videos you can watch again anytime.

What happens between lessons?

You'll get drills to practice and a step-by-step plan, so you always know what to work on next.

How fast will I hear back?

Send a practice video and you'll usually get feedback within 24 hours. Questions are answered within 1–2 days.

What if I live far away?

No problem. Your instructor can work across time zones and take payment online.

BEFORE YOU BOOK, ASK:

✓ What level is your badge? ✓ Can I see a sample lesson? ✓ How do scheduling and payment work?
